

Solid Waste & Recyclables Collection

Determining your needs

Veolia examines your waste streams to develop the most appropriate waste and recycling system for your business.

- Step 1: No obligation site visit by one of our team members
- Step 2: Review of current waste management practices - waste types, quantities, pick-up frequencies
- Step 3: Veolia prepares a summary report and recommendations
- Step 4: Customer reviews findings in consultation with Veolia team member
- Step 5: Veolia puts in place necessary equipment and schedules pick-ups
- Step 6: Veolia provides 'Recycling' training if required

Recyclable And Waste Materials Collected:

- > Paper and cardboard
- > Plastics (PET, HDPE, LDPE)
- > Glass
- > Organic waste (food)
- > Commingled waste (cans, glass, plastic bottles)
- > Electronic waste
- > Metals
- > Building waste
- > Production off-cuts
- > General waste
- > Confidential documents
- > Damaged products

Office Recycling Systems

Veolia can provide a complete recycling solution for your office and workplace environment.

- > Dedicated recycling and waste bins
- > Staff and cleaner training
- > Recycling labels
- > Recycling reports

Confidential and Product Destruction

Veolia can securely destroy a range of materials in complete confidence including:

- > Confidential documents
- > Quarantine stock
- > Computer hardcopy
- > Damaged goods
- > Tapes and microfiche
- > Out-of-date product

Special features include:

- > Onsite assessment of destruction requirements
- > Specialised bins including tamper resistant locks
- > Destruction options include: shredding, incineration, deep burial
- > Secure destruction certificates

Collection Systems

Rearlift bins - ideal for businesses with:

- > Limited storage areas
- > Site restrictions
- > Small recyclable and waste volumes

Features include:

- > Wide range of colours (including standard recycling colours)
- > 120 litre to 3.0m³ bin capacity
- > Lightweight and easy to maneuver
- > Easy to clean and more hygienic
- > Lockable lids

Frontlift bins - ideal for:

- > Small to medium sized businesses
- > Cardboard and general waste

Features include:

- > 1.5m³ to 4.5m³ bin capacity
- > Wheels for ease of movement onsite
- > Lids for odour and litter control
- > Lockable lids
- > Bunges for ease of cleaning

Bulk bins - ideal for businesses with:

- > Bulky items (furniture, building materials, production waste)
- > Non-compactable waste
- > Large recyclable materials (building waste, electronic equipment)

Features include:

- > Rear opening gates on request
- > On-request pick-ups or regular interval servicing
- > Weekend or public holiday pick-ups on request

Compaction systems - ideal for businesses with:

- > High volumes of compactable waste
- > Limited storage areas

Features include:

- > Wide range of sizes to suit workplace requirements
- > Optional sumps and bin lifters available
- > Mechanical servicing options
- > Options to purchase or lease compactors
- > Operator training
