

Liquid Waste Collection & Treatment

Veolia Environmental Services

Managing Liquid and Hazardous Waste Responsibly

The handling of liquid waste is becoming ever more challenging with the tightening of legislation in respect to collection, transportation and treatment. Fast, thorough and legislatively compliant, our services are based on years of global expertise to provide solutions for all your liquid waste needs.

Determining your needs

- > No obligation site visits by our trained representative to determine:
 - Volumes
 - Frequency
 - Waste characteristics (and sampling if required)
 - Access issues

Chemical analysis services*

Our laboratories provide an extensive range of analytical services for a wide range of substances:

- > Wastewater to trade waste specifications
- > Groundwater
- > Trade waste effluent
- > Total petroleum hydrocarbons
- > Polyaromatic Hydrocarbons (PAH's)
- > TOC/BOD
- > Pesticides - Herbicides
- > Composts - Sludges
- > Planting solutions
- > Contaminated soils
- > Leachate analysis
- > Pharmaceutical
- > Microbiological analysis

* Some Veolia laboratories do not cover all of these tests and therefore the substance is sent to other certified laboratories.

Waste Tracking

Veolia can provide full waste tracking documentation, including Certificates of Disposal, to confirm that your waste is disposed of, or recycled, in accordance with regulatory requirements, and your expectations.

Tanker Collection

- > 6,000 - 39,000 litre tanker capacity
- > 24hr collection service
- > Quick response times including emergency response

The tanker collection service is ideal for the following wastes:

- Grease trap
- Sludges
- Storm water
- Spills
- Acids
- Oily waters
- Bilge water
- Septic waste
- Hydrocarbon waste
- Caustics

Drum Collection

- > Ideal for small quantities of hazardous liquid waste and where storage capacity is an issue.
- > 24hr collection service available
- > Drum cleaning for reuse (triple rinsing)
- > Regular or on-call collections available
- > Replacement containers and drums provided on request
- > Waste Tracking and Certificates of Disposal available on request

The drummed waste collection service is ideal for a wide range of businesses:

- Shipping industry
- Metal industry
- Printing
- Hospitals
- Petrochemical
- Light industrial facilities
- Research institutions
- Commercial premises

Liquid Treatment

Veolia operates liquid treatment facilities right around Australia, all fully compliant with strict EPA guidelines. Liquid wastes processed at our plants include*:

- Grease trap waste
- Resins
- Inks and dyes
- Wash waters
- Glue and adhesives
- Alkalines
- Industrial residues
- Food sludges
- Organic sludges
- Hydrocarbon based waste
- Phenol contaminated water
- Acids
- Paint
- Damaged stock

* Types of waste treated varies between facilities

Related Services
